

# European Reminiscence Network Conference

Prague 2025 | 05 – 07 September

## **Adventures in Reminiscence: Applying Reminiscence methods in different social, health, educational and artistic contexts**

On behalf of the European Reminiscence Network, Reminiscence Centre Prague invites ERN members and international friends of reminiscence to come and contribute to a dynamic exploration of how reminiscence shapes lives in diverse contexts. Our upcoming international conference celebrates the transformative power of reminiscence work in health care, social care, education, community settings, artistic environments and beyond.

Together, we will uncover innovative practices that highlight reminiscence as a bridge between generations, cultures, and disciplines. Whether you are pioneering reminiscence therapies in care homes, integrating memory-based storytelling in schools, or harnessing the power of digital tools for intergenerational exchange, your insights can illuminate new pathways for this impactful practice.

We seek contributions that inspire, challenge, and expand the possibilities of reminiscence work in varied surroundings. This is your opportunity to come and share your experience. Join us in shaping a vibrant dialogue on how reminiscence enriches lives across borders and boundaries.

Please, let us know if you plan to visit our conference. You can fill in the short questionnaire here:

<https://forms.gle/vaiDPB3S6bkKvScc7>

The conference fee will be 150 euro and the practical information will follow soon.

If you have any questions, please do not hesitate to email us on:
